

Activity Associations

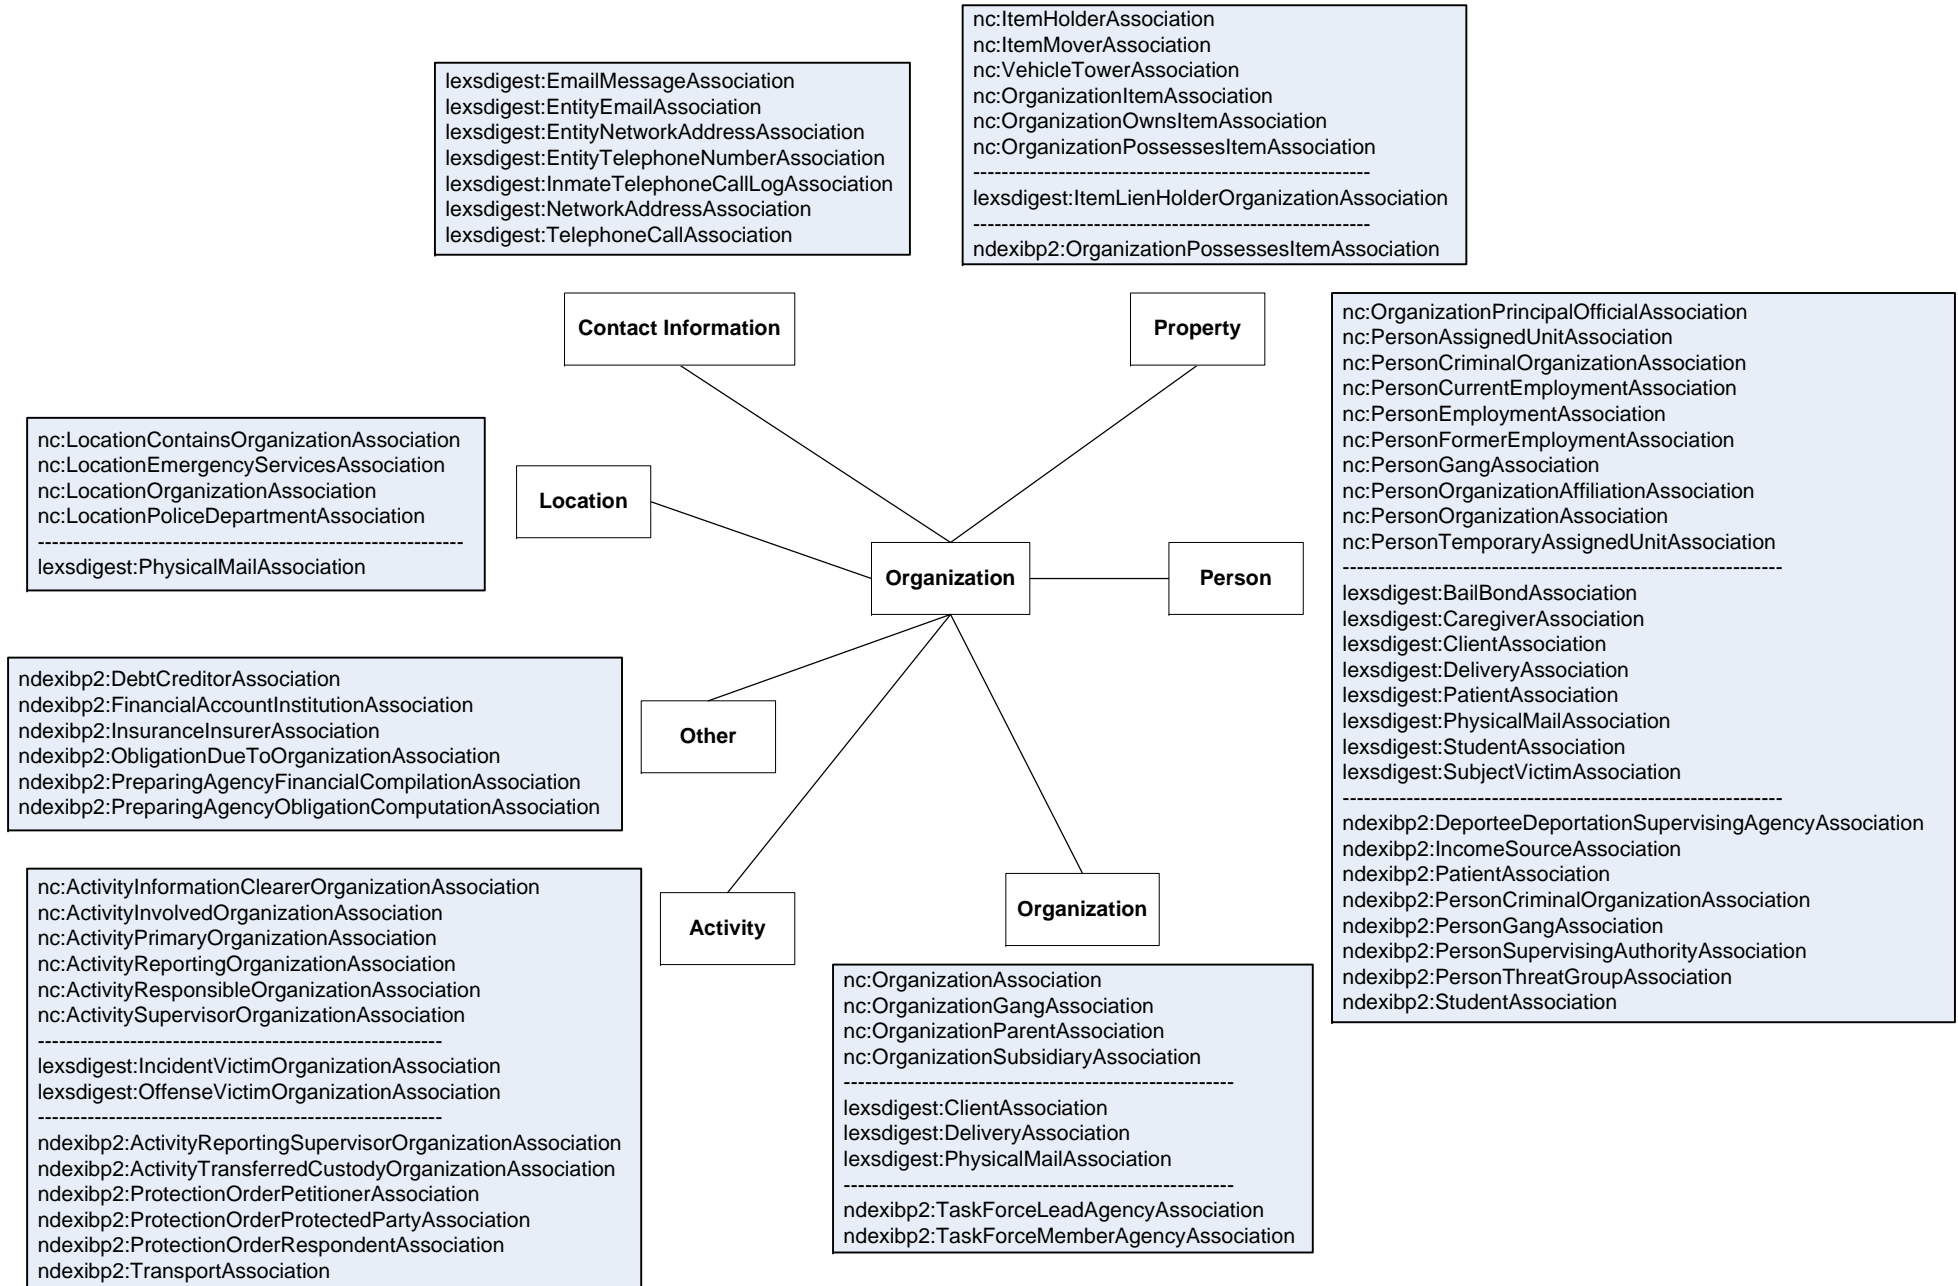

Person Associations

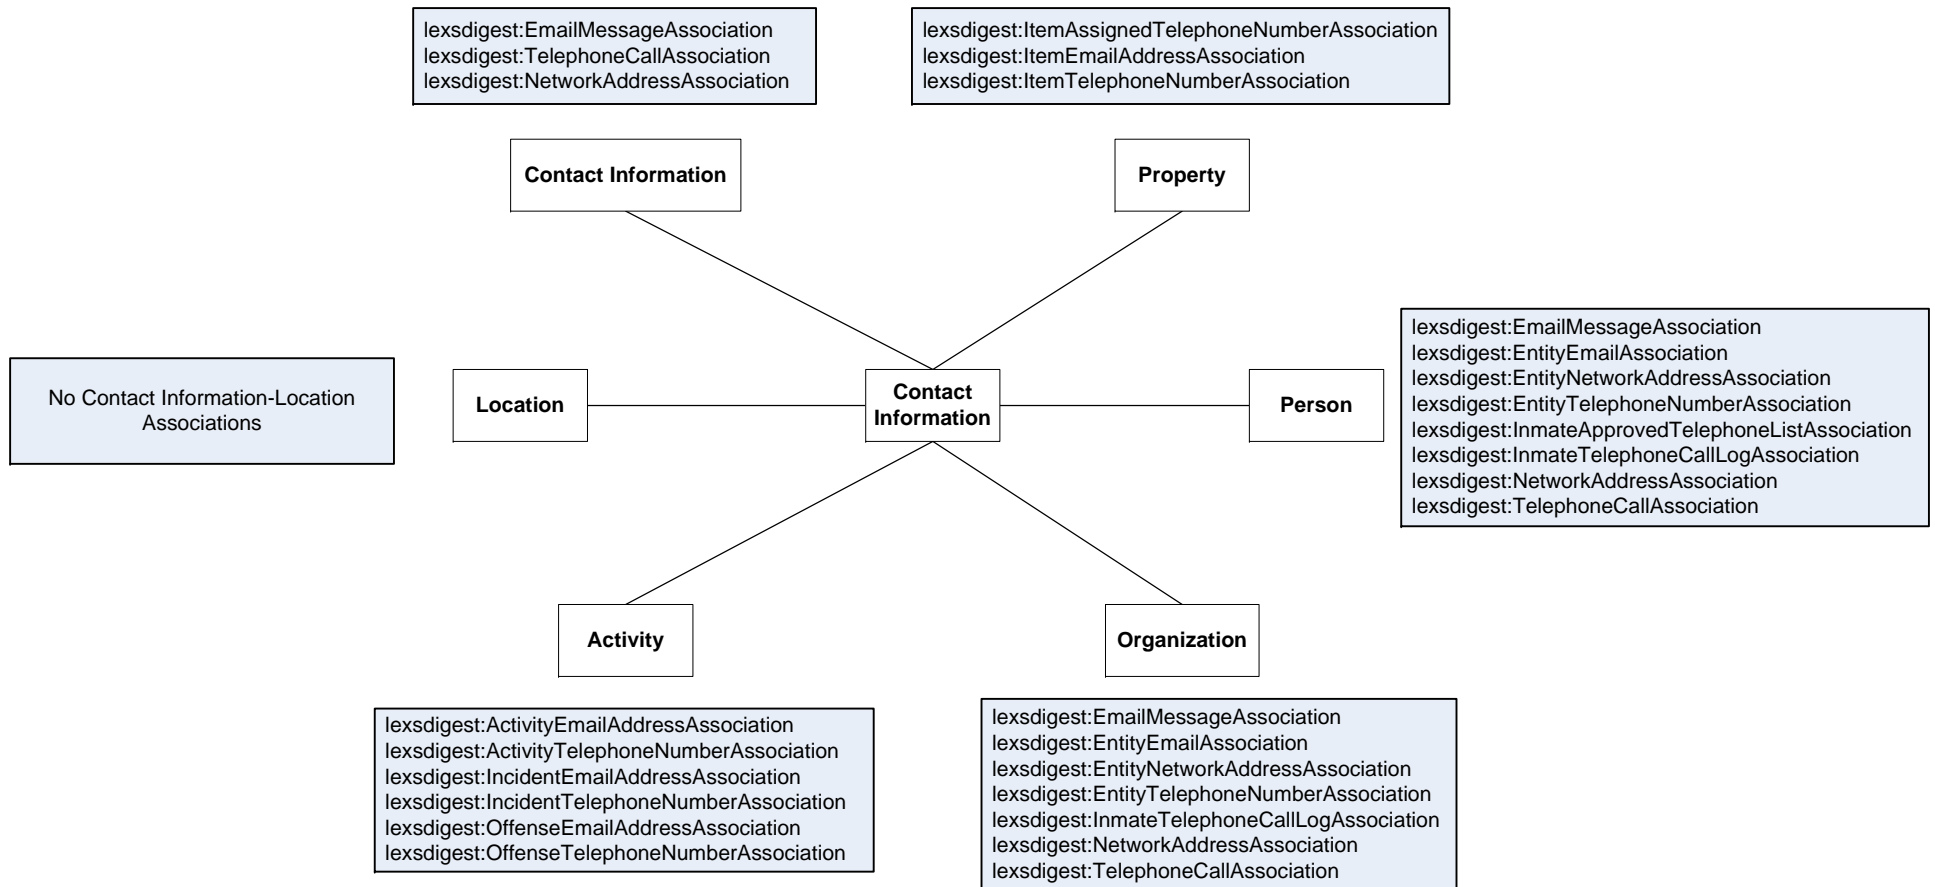

Property Associations

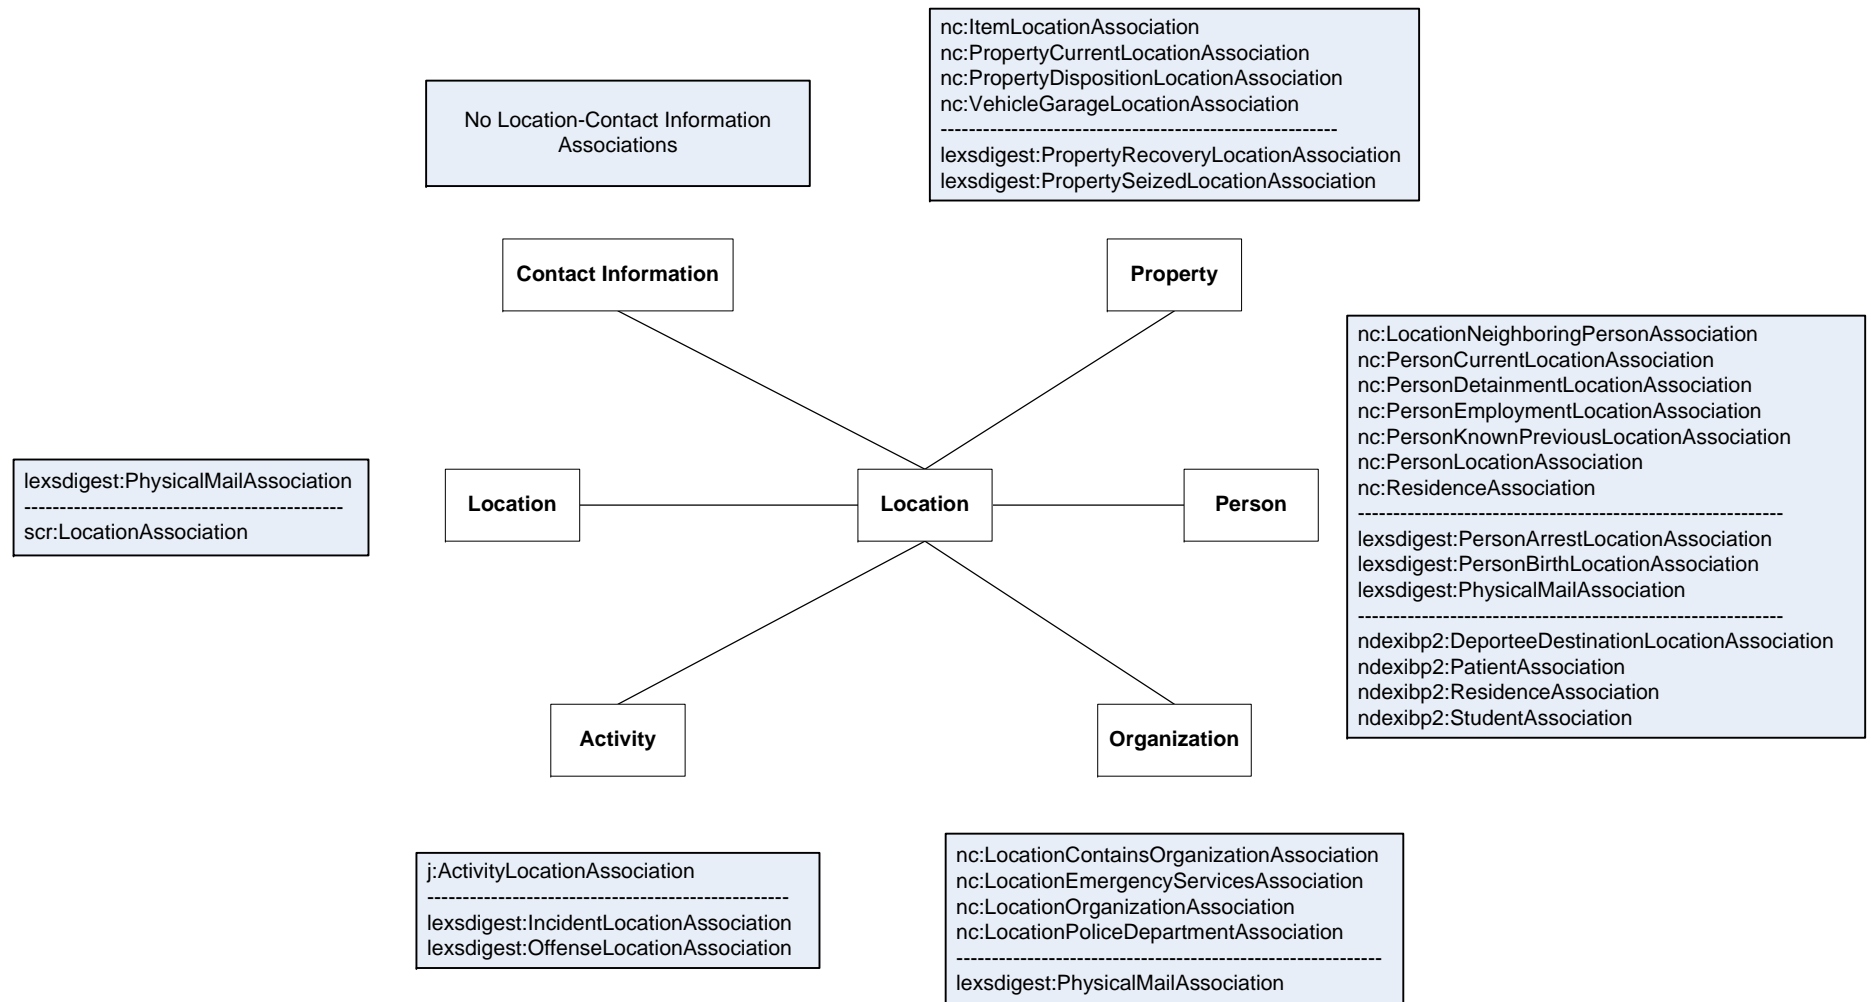

Organization Associations

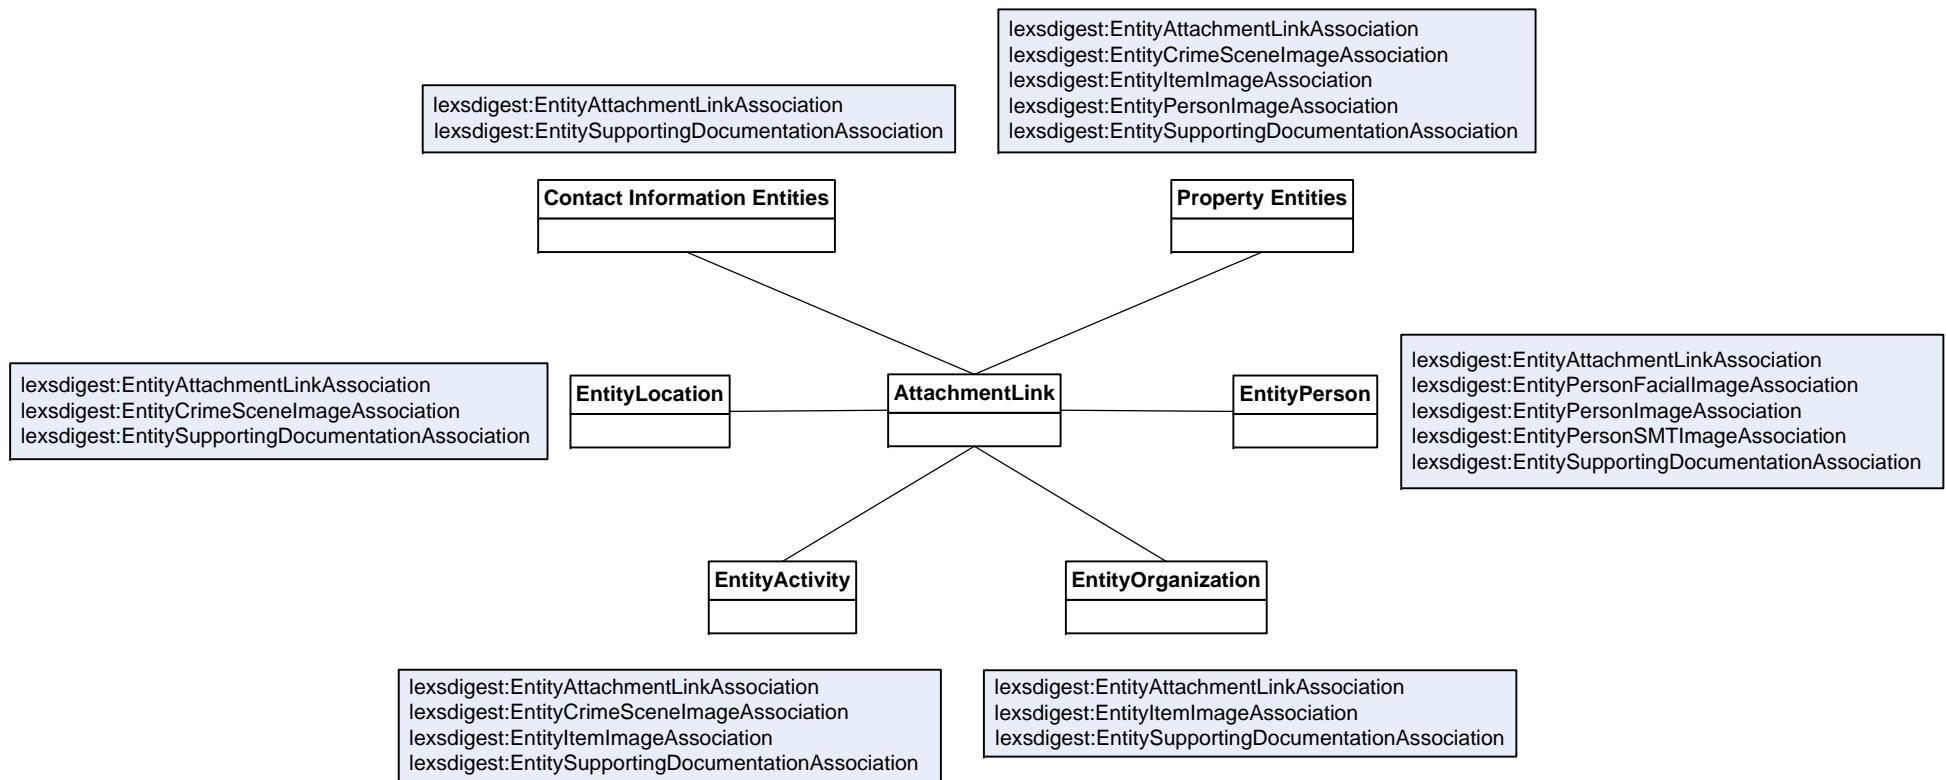

Contact Information Associations

Location Associations

AttachmentLink Associations

Notes:

- 1) These associations differ from those in other diagrams since these reference an Entity (such as EntityPerson) rather than an object inside an Entity (such as Person).
- 2) These associations tie an Entity to an AttachmentLink. An AttachmentLink is tied to an Attachment via an AttachmentURI, as documented in the CMW spreadsheet.
- 3) The Property Entities are EntityAircraft, EntityDrug, EntityFirearm, EntityIntangibleItem, EntitySubstance, EntityTangibleItem, EntityVehicle, and EntityVessel.
- 4) The Contact Information Entities are EntityEmail, EntityNetworkAddress, and EntityTelephoneNumber.
