

The Missouri Automated Criminal History Site

MACHS

Tutorial of Service

MACHS Overview

- ▶ This document will serve as a tutorial for those interested in utilizing the MACHS service for name-based criminal history checks.
- ▶ MACHS was created in response to the need to provide open record criminal history searches to the public in an electronic and automated fashion.
- ▶ Since the records contained within MACHS are open record, this service may be utilized by anyone, for any purpose.
- ▶ Open record information includes convictions, charges pending, initial arrest information for 30 days, and Suspended Imposition of Sentence data while the subject is on probation.
- ▶ Closed record information in which subject of the search was not convicted due to the charges being dropped, dismissed, or nolle prossed, or after having completed the probation period associated with a Suspended Imposition of Sentence will not be available.

MACHS Overview

- ▶ MACHS is operated by the Missouri State Highway Patrol Criminal Justice Information Services (CJIS) Division.
- ▶ Pursuant to Missouri Statute, CJIS serves as the central repository for all criminal history information within the State of Missouri.
- ▶ The CJIS Division charges a fee of \$13.00 for each individual searched through MACHS.
- ▶ Collector Solutions, the State Payment Portal, also charges a payment processing fee for this service. If you are conducting background checks on three individuals or less the payment processing fee will be \$1.25. A full payment processing schedule is available via the MACHS FAQ.
